

Minutes of the Town of Farmington
Regular Town Council Meeting
February 23, 2016

Present:

Nancy W. Nickerson, Chair
Jon Landry
Peter M. Mastrobattista
Gary Palumbo
Amy Suffredini
Meredith A. Trimble
Jon Vibert

Kathleen Eagan, Town Manager
Paula B. Roy, Clerk

A. Call to Order

The Chair called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance

The Council and members of the public recited the Pledge of Allegiance.

C. Public Comment

There were no public comments made.

D. Public Hearing

1. A public hearing on the Town Manager's Proposed Five Year Capital Improvement Plan

The Chair opened the public hearing at 6:02 p.m., and the Clerk read the legal notice recorded with these minutes as Agenda Item D-1.

The Manager reviewed her Proposed Capital Improvement Plan Budget, which is recorded with these minutes as Agenda Item D-2 using the presentation recorded with these minutes as Agenda Item D-3.

Hearing no public comments the Chair closed the public hearing at 6:13 p.m.

E. Consideration of Special Topics.

1. To consider and take action on the Fiscal Year 2016-2020 Five Year Capital Improvement Plan.

Board of Education

The Council reviewed the Board of Education's recommended Capital Improvement Budget with Christopher Egan, Chair of the Board of Education; Kathy Greider, Superintendent of Schools; Tim Harris, Director of School Facilities; Vince LaFontan, Interim Business Administrator and Matthew Ross, Director of Technology, which is recorded with these minutes as Agenda Item E-1. The top 6 out of 12 priorities of the Board of Education's Capital Improvement Plan Budget were completely funded in the Town Manager's Proposed Capital Improvement Plan Budget.

Police

The Council reviewed in detail the 2016-2017 Year and discussed the out years of the Police section of the Town Manager's Proposed Capital Improvement Plan Budget with the Manager; Erica Robertson, Assistant Manager; Joseph Swetcky, Director of Finance and Administration and Paul Melanson, Chief of Police.

Fire

Mr. Mastrobattista recused himself for this topic, because he was a member of the Farmington Volunteer Fire Department.

The Council reviewed in detail the 2016-2017 Year and discussed the out years of the Fire section of the Town Manager's Proposed Capital Improvement Plan Budget with the Manager; Erica Robertson, Assistant Town Manager; Joseph Swetcky, Director of Finance and Administration and Mary Ellen Harper, Director of Fire and Rescue Services. Brain Hunter, Asst. Chief Tunxis Hose; Russell Nelson, Chief East Farms Fire and Donald Antigiovanni, Chief Farmington Fire were in attendance.

Public Works

- Engineering- The Council reviewed the Engineering section of the Capital Improvement Plan Budget with the Town Manager; Erica Robertson, Assistant Manager; Joseph Swetcky, Director of Finance and Administration; Russell Arnold, Director of Public Works and Planning Services and Scott Zenke, Highway and Grounds Superintendent. A map showing the roads that have been repaved since 2004 and proposed to be repaved with the \$4,000,000 in bonding proposed in the CIP Budget is recorded with these minutes as Agenda Item E-1a

- Highway & Grounds- The Council reviewed the Highway & Grounds section of the Capital Improvement Plan Budget with the Town Manager; Erica Robertson, Assistant Manager; Joseph Swetcky, Director of Finance and Administration; Russell Arnold, Director of Public Works and Planning Services and Scott Zenke, Highway and Grounds Superintendent.
- Westwoods - The Council reviewed the Westwoods section of the Capital Improvement Plan Budget with the Town Manager; Erica Robertson, Assistant Manager; Joseph Swetcky, Director of Finance and Administration; Russell Arnold, Director of Public Works and Planning Services and Scott Zenke, Highway and Grounds Superintendent.

Treatment Plant

The Council reviewed in detail the 2016-2017 Year and discussed the out years of the Treatment Plant section of the Town Manager's Proposed Capital Improvement Plan Budget with the Manager; Erica Robertson, Assistant Town Manager; Joseph Swetcky, Director of Finance and Administration and Russell Arnold, Director of Public Works and Planning Services.

Community & Recreation Services

The Council reviewed in detail the 2016-2017 Year and discussed the out years of the Community & Recreation Services section of the Town Manager's Proposed Capital Improvement Plan Budget with the Manager; Erica Robertson, Assistant Town Manager; Joseph Swetcky, Director of Finance and Administration and Nancy Parent, Director of Community & Recreation Services.

Town Manager

The Council reviewed the Town Manager section of the Town Manager's Proposed Capital Improvement Plan Budget with the Manager; Erica Robertson, Assistant Town Manager; Joseph Swetcky, Director of Finance and Administration and Brian Rush, IT Manager.

F. Executive Session

There was no Executive Session held.

G. Adjournment

Motion was made and seconded (Trimble/Mastrobattista) to adjourn the meeting at 9:15 p.m.

Adopted unanimously.

Respectfully submitted,

Paula B. Ray, Clerk

DRAFT

**LEGAL NOTICE
TOWN OF FARMINGTON
PUBLIC HEARING**

A Public Hearing will be held on Tuesday, February 23, 2016 at 6:00 p.m. in the Town Hall Council Chambers on the Town Manager's Proposed Five-Year Capital Improvement Plan.

Dated at Farmington, Connecticut this 2nd day of February 2016.

Kathleen A. Eagen
Town Manager

OFFICE OF THE TOWN MANAGER
MEMORANDUM

TO: Farmington Town Council
FROM: Kathleen A. Eagen, Town Manager
RE: Capital Improvement Plan
DATE: February 23, 2016

The Capital Improvement Plan (CIP) is the planning document by which the Town of Farmington plans for the improvements it will undertake over the next five years. In order for a project to qualify as a capital improvement, the cost of the item or project should be at least \$25,000 and the improvement should have a useful life of at least 5 years. Equipment or projects which cost less than \$25,000, or which have useful lives of less than 5 years, do not qualify as a capital improvement and should be included as an expense in the operating budget. Although a capital improvement may have a recurring or ongoing operating expense related to its purchase or construction, that expense is not included in the CIP but is included in the operating budget.

Projects in the CIP may be funded from a variety of sources: appropriations, bonding, a state or federal grant, or another source of funds.

An appropriation can be from several sources: General Fund, Water Pollution Control Fund, or Recreation Fund.

If the cash appropriation is from the General Fund, revenues, including property taxes, support the appropriation. If the appropriation is from the Water Pollution Control Fund non-tax revenues, primarily the Sewer Use Charge supports the appropriation. If the appropriation is from the Recreation Fund, then non-tax revenues, primarily user fees from recreation programs, support the appropriation.

An appropriation is available when the budget in which the appropriation is included is approved.

A capital project may also be funded by a bonding resolution. A bond is a form of borrowing by which the Town borrows money from lenders and pays it back with interest over time. The lenders are usually financial institutions such as banks that sell the Town's bonds to other investors. The annual payment of principal and interest is included in the General Fund budget and is called Debt Service. Debt Service can be compared to the annual mortgage payments a homeowner makes to a lending institution holding the mortgage on their house.

If a bonding resolution is used to finance a project, the resolution for the bond has to be approved by the electorate. Under the Town Charter, if the project cost is between \$200,000 and \$400,000, the electorate at a special or annual Town Meeting can approve the bonding resolution. If the project cost is greater than \$400,000, the electorate will discuss the project at either an annual or special Town Meeting and adjourn to vote on the project at a referendum.

The costs of a capital project may be offset in whole or in part by a grant from the state or the federal government. When this occurs, the full cost is included in the CIP and the grant revenues are included as revenue in either the General Fund or the Capital Project Fund. If the appropriation is supported by a bond resolution, the grant funds are either used (1) to offset the expenditure before

the bonds are sold, thereby reducing the amount to be bonded; or (2) to pay part of the annual debt service, thereby reducing the amount of local funds needed to pay the annual debt service.

Highlights of the Town of Farmington's Capital Improvements Policy are as follows:

- 1) The Town will strive to maintain a high reliance on pay-as-you-go financing for its capital improvements. The Town's objective will be to contribute to the Capital Improvements Plan at least 2.5% of the annual General Fund revenues allocated to the operating budget.
- 2) A minimum of 20% of all capital improvement project costs contained in the five-year plan should be financed on a pay-as-you-go basis.
- 3) The Town will utilize debt obligations only for acquisition, construction or remodeling of capital improvement projects that cannot be funded from current revenue sources, or in such case wherein it is more equitable to the users of the project to finance the project over its useful life.
- 4) Any long-term debt that is issued to finance a capital project shall have a maximum maturity of the earlier of (1) the estimated useful life of the capital improvement being financed; or (2) twenty years.

CIP projects may be recommended for a variety of reasons. The project may be for the renovation or replacement of an existing building, road, or piece of equipment. The project may be for the construction of a new facility, which the Town does not currently own or operate. The project may be to implement a new initiative or to improve the service or facilities that the Town offers to its residents.

Often times, the supporters of a particular project strongly believe that the project should be completed in the first year. Unfortunately, the Town cannot fund all projects in one year. This is why a five-year plan is developed. By distributing the proposals over the foreseeable future, the townspeople can see not only what is proposed in the first year, but can also see what is anticipated in coming years. The CIP permits the Town to make financial plans over time so as not to unduly burden the property taxpayer in any one year.

The FY 2016-2017 to 2020-2021 CIP is a planning document that outlines major projects and equipment acquisitions that are contemplated for each of the next five fiscal years. The projects are grouped by the department that made the request or the department that will implement, operate or maintain the facility or equipment. In this manner, judgments can be made as to the level of support that should be given to each of the operating functions. For example, it will provide you with the ability to balance the need for road reconstruction with the need for recreation facilities, or balance the need for school improvements with the need for police and fire equipment and facilities.

The Capital Improvement Plan calls for the expenditure of \$38,210,230 over the next five years. Of this amount, \$15,485,230 is proposed to be funded through appropriations from the General Fund. Bonding authorizations totaling \$17,250,000 are also proposed. Other appropriations totaling \$5,475,000 are planned from the Water Pollution Control Fund, Recreation Fund, and Grants.

The Town's Capital Improvement Policy and the Town's Strategic Plan were the policy guidelines that were at the forefront when formulating the CIP while focusing the appropriations into three main funding themes. These themes are equipment/infrastructure/maintenance improvements, technology and communication initiatives, and building improvements/renovations.

Equipment/Infrastructure/Maintenance Improvements Summary

Last year, we made progress in this area but significant equipment, infrastructure, and maintenance improvements are still needed throughout Town. Each department has equipment replacement plans that are funded in the CIP. This plan supports replacement of equipment throughout Town. This critical equipment keeps our volunteer firefighters safe when responding to calls for service. It allows our roads to be plowed during winter emergencies. It also keeps our parks and golf course looking clean and ready for play during the warm weather months. Equipment replacement ensures the Town's ability to offer high quality services to our residents and businesses.

This Capital Improvement Plan proposes to fund equipment purchases for the replacement of turnout gear, Self Contained Breathing Apparatus (SCBA) packs for the Fire Department, and speed sign trailers for the Police Department. Equipment purchases also include a large dump truck, a road sweeper, a truck lift replacement, and playground equipment to replace the existing playscape at Tunxis Mead Park in the Public Works Department.

This proposed Capital Improvement Plan continues to fund the Town's road reconstruction and miscellaneous sidewalk repairs.

Technology and Communication Summary

In the 21st century, a town's technology infrastructure must be maintained. It must keep up with the rapidly changing world of technology, as well as the expectations of residents and businesses. Town-wide technology improvements, as well as improvements specific to the Police Department, Town Clerk, Public Works, and Administration are proposed in this Capital Improvement Plan.

This Capital Improvement Plan will provide funds to the Police Department to replace video cameras, alarm monitoring hardware and software, and portable radios. Funds will also replace the Police Department and Senior Center phone systems to make them compatible with Town Hall. This telephone system will strengthen the communication between the departments and improve accessibility.

Technology is constantly evolving, and the proposed Capital Improvement Plan will also provide routine technology improvements to Town Hall, allowing all departments to deliver public goods and services effectively and efficiently.

The Town Clerk's office will continue the land record re-indexing project with its proposed funding. The funds in this budget will allow for 1966-1971's records to be digitized and available in the Town Clerk's vault and on the internet. The public made 5,412 copies, at a dollar per copy, from the on-line indexing service in the past 6 months. During the past 3 months, as more documents have become available on line, the copies averaged 1,175 per month.

Building Improvements/Renovations Summary

The Town is making progress updating Town owned buildings and planning for large scale renovations in the future. Building improvements and renovations are a large piece of the proposed Capital Improvement Plan.

Building improvements include updates to the interior and exterior of Town Hall, providing a new Clubhouse roof and completing electrical and structural code updates to the Westwoods Golf Course Maintenance Building. The Town Manager's Office has allocated additional funds for professional services to plan and develop the Farmington High School building design for renovations.

I will now review the budget in detail.

SUMMARY OF YEAR(S) 2016-2021 BONDING

2016-2017 Bonding

The first year of the Capital Plan proposes two bonding items. The first item is very similar to the bond that was passed several years ago for road reconstruction and paving. A bond appropriation of \$4,000,000 is proposed and would include road reconstruction and paving along with miscellaneous drainage projects. This funding will allow the Town to pave and reconstruct approximately 10 miles of town roads.

Engineering

\$4,000,000 Road Reconstruction.

The second bonding question I am proposing is the replacement of Engine 3 at Southwest Fire Station.

Fire Department

\$600,000 Replace Engine 3 at Southwest Fire Station.

2017-2018 Bonding

Fire Department

\$600,000 Replace Engine 2 at Tunxis Hose Fire Station.

2018-2019 Bonding

Fire Department

\$650,000 Replace Engine 8 from Oakland Gardens Station.
\$2,500,000 Fire Station Renovations at one of the three main stations.

2019-2020 Bonding

Fire Department

\$1,200,000 Replace Ladder 1 from Farmington Fire Station.
\$2,500,000 Fire Station Renovations at one of the three main stations.

2020-2021 Bonding

Fire Department

\$700,000 Engine 9 Replacement from East Farmington Fire Station.
\$2,500,000 Fire Station Renovations at one of the three main stations.

GENERAL FUND CASH APPROPRIATIONS YEAR 1 (2016-2017)

Board of Education

- \$148,700 Roof Replacement - Funds will be used for an emergency replacement of Section "U" of the Farmington High School Roof.
- \$565,000 Technology Infrastructure - Funds will be used for infrastructure updates and equipment replacement.
- \$50,000 Funds will be used for School Security.
- \$50,000 School Code and Safety Compliance - Funds will be used for safety equipment at various schools, as well as ADA building maintenance compliance.
- \$55,400 Districtwide Mechanical Equipment
- \$92,800 Capital Facilities Condition Report - Funds will be used for an evaluation and assessment at five (5) schools for the purpose of identifying HVAC, MEP and infrastructure repairs and replacements.

Please note that this list is the Board of Education's top six priorities. The entire Board of Education Capital Budget Request is attached.

Engineering

- \$125,000 STP Urban – New Britain Avenue Road Project - The Town has been banking funds which will be used for the Town's portion of the upcoming State Road project. This project is funded 80% by the State of Connecticut and 20% by the Town of Farmington.
- \$35,000 Environmental Compliance throughout Town.

Highway and Grounds

- \$40,000 Fields & Playground Equipment - Funds will replace the existing playscape at Tunxis Mead Park.
- \$85,000 Truck Lift Replacement - Funds will replace an existing truck lift in the Highway Department.
- \$185,000 Dump Truck Highway - Funds will replace one front line dump truck used to plow snow.
- \$250,000 Road Sweeper - Funds will replace an existing street sweeper in the Highway Department.

Fire Department

- \$45,000 Turnout Gear – Funds will continue the replacement plan for turnout gear.
- \$135,000 SCBA Cylinder Replacements - Funds will replace Self Contained Breathing Apparatus (SCBA) packs at Tunxis Hose Fire Station.
- \$25,000 Painting and Carpeting – Funds will replace worn carpets at Farmington Fire Station and to paint interior areas of various fire stations.

Police Department

- \$55,000 Police Technology Improvements - Funds will replace video cameras, alarm monitoring hardware and software, and night vision/thermal imaging equipment.
- \$25,000 Communication Upgrade - Funds will be used to purchase interoperable portable radios.
- \$25,000 Building Improvement - Funds will replace worn out carpets throughout the Police Department and in the Yater Training Room.
- \$30,000 Speed Sign Trailers - Funds will purchase two speed/sign trailers.

Town Manager

- \$50,000 Technology Improvements – Funds will be used for technology upgrades in the Town Hall Council Chambers.
- \$300,000 Town Hall Improvements - The Town has been banking funds which will be used for the reconstruction of the parking lot, driveway, sidewalks and curbing, and an interior renovation.
- \$90,000 Telephone System - Funds will replace the out-of-date Police Department and Senior Center phone systems which are no longer supported, and making the systems compatible with the phone system at Town Hall.
- \$400,000 FHS Schematic Design - Funds will be used for professional consulting services to plan and develop the Farmington High School building design.
- \$30,000 Land Records Re-Indexing - Funds will be used to continue the project to make a full 50-year title search possible using electronic records available in the Town Clerk's vault and on the internet.
- \$220,000 Real Estate Revaluation - Funds will be used for the revaluation of all real property in the Town of Farmington for the October 1, 2017 Grand List.

Community and Recreation Services

- \$25,000 Senior Center Exercise Equipment - Funds will purchase equipment and materials for an exercise room at the Senior Center.

Westwoods Golf Course

- \$40,000 Sprayer - Funds will replace an existing sprayer used for the maintenance of the Westwoods Golf Course.
- \$60,000 Maintenance Building Improvements - Funds will replace the Clubhouse roof and complete electrical and structural code updates.

OTHER APPROPRIATIONS Year 1 (2016-2017)

Highway and Grounds - Grant Funds

- \$50,000 Sidewalk Construction - Funds will be used to construct new sidewalks throughout Town.

Community and Recreation Services - Grant Funds

- \$25,000 Senior Center Capital Projects - The Town has been banking funds to be used to repair the front sidewalk/walkway at the Senior/Community Center.

Treatment Plant – Water Pollution Control Authority Funds

- \$125,000 Repair Sewer Lines - Funds will be used to continue the repair and replacement of the existing sanitary sewer line system.
- \$175,000 Pump Station Improvements - Funds will be used for major repairs and equipment replacement at pump stations located throughout Town.
- \$600,000 Plant Upgrade & Improvements - Funds will be used for engineering fees for the Water Pollution Control Facility Upgrade Project.
- \$25,000 Plant Equipment Replacement - Funds will be used for minor repairs and equipment replacement at the Water Pollution Control Plant.
- \$75,000 Rolling Stock Replacement - Funds will be used for future replacement of plant trucks and vehicles as the need arises.

Summary:

The proposed General Fund appropriations to support the first year of the Capital Improvements is \$3,236,900 which is 3.21% of the projected annual General Fund revenues allocated to the operating budget. Based on the Town's Capital Improvement Policy, the Town's objective is to contribute at least 2.5% of the annual General Fund revenues allocated to the operating budget.

The proposed Capital Budget recommends funding above the policy limit in order to take advantage of projected flat debt service payments in Fiscal Year 2016/2017. Over the past few years, debt service payments have been reduced or have been flat. This reduction will be temporary as we will soon be increasing the Town's outstanding debt to finance the upgrade of the Wastewater Treatment Facility. Since the reduction is expected to be short term, I am recommending that we use these

funds to increase the capital budget to fund improvement projects of a non-recurring nature. In the following years, when the Town's debt service increases, we will then be able to move these funds back to the debt service budget to help mitigate the impact to the tax rate.

This Capital Budget will allow us to make significant headway to meet the Town's capital improvement needs especially in the areas of technology, infrastructure/maintenance/equipment purchases, and building improvements/renovations.

The cost of maintaining the Town's infrastructure through the CIP is a necessary expense that has to be recognized. The need for funds to maintain the Town's property, buildings, and equipment is often greater than the willingness of the Town to appropriate funds to meet those needs. However, the cost of not maintaining the Town's property, buildings, and equipment will have a significant long-term impact. It may be tempting to defer a cost today to save money; however, the cost of deferred maintenance and repairs does not disappear, it accumulates and will likely increase in the future.

Please note that funding for open space is not included. It is the practice of the Town Council to discuss open space funding during budget deliberation and to add funding (if willing at that time). Please also note that the entire Board of Education Capital Budget is also attached.

I look forward to working with the Town Council as we review my proposed Capital Improvement Plan. This five year plan adequately reflects the needs of the Town. Moreover, this proposed plan exceeds our policy guidelines as well as our Strategic Plan goals.

Capital Improvement
Program
FY2016/2017-FY2020/2021
Summary

Town Manager's Proposed Five-Year
Capital Improvements Program

February 23, 2016

What is a Five-Year Capital Improvements Program?

- Planning Document
- Must cost at least \$25,000
- Must have a useful life of at least five years

How Does the Town Fund a Capital Project?

- Budget Appropriations
- Bonding Resolutions
- Grants
- Other/User Fees

Capital Improvements Policy Summary

- The Town will strive to maintain a high reliance on pay-as-you go financing.
- Town's objective will be to contribute at least 2.5% of annual General Fund revenues to the Capital Improvements Program.

Five Year Overview

FY 2016/2017-FY 2020/2021

\$38,210,230	Next Five Years Expenditures
\$15,485,230	General Fund Budget Appropriations
\$17,250,000	Bonding Authorizations
\$ 5,475,000	Other Appropriations

Overview

Year 1 (2016-2017)

\$8,911,900 FY 16-17 Total Expenditures

\$3,236,900 General Fund Budget
Appropriations

\$4,600,000 Bonding Authorizations

\$1,075,000 Other Appropriations

Policy Guidelines

- Town of Farmington's Strategic Plan
- Town of Farmington's Capital Improvement Policy

Three Main Funding Themes

- Equipment, Infrastructure, & Maintenance Improvements
- Technology and Communication
- Building Improvements/Renovations

Proposed Bonding Year 1 (2016-2017)

2016-2017

- Engineering Department
 - \$4,000,000 Road Reconstruction
- Fire Department
 - \$600,000 Replace Engine 3

General Fund Cash Appropriations Year 1 (2016-2017)

Board of Education – General Fund

- \$148,700 – FHS Roof Replacement
- \$565,000 – Technology Infrastructure
- \$ 50,000 – School Security
- \$ 50,000 – School Code and Safety Compliance
- \$ 55,400 – District wide Mechanical Equipment
- \$ 92,800 – Capital Facilities Condition Report

Total: \$961,900

General Fund Cash Appropriations Year 1 (2016-2017)

Engineering – General Fund

- \$125,000 – STP Urban-New Britain Ave Road Project
- \$35,000 – Environmental Compliance

Total: \$160,000

General Fund Cash Appropriations Year 1 (2016-2017)

Highway and Grounds – General Fund

- \$ 40,000 – Fields and Playground and Equipment
- \$ 85,000 – Truck Lift Replacement
- \$185,000 – Dump Truck Highway
- \$250,000 – Road Sweeper

Total: \$560,000

General Fund Cash Appropriations Year 1 (2016-2017)

Fire Department – General Fund

- \$ 45,000 – Turnout Gear
- \$135,000 – SCBA Cylinder Replacements
- \$ 25,000 – Painting and Carpeting

Total: \$205,000

General Fund Cash Appropriations Year 1 (2016-2017)

Police Department – General Fund

- \$55,000 – Police Technology
- \$25,000 – Communication Upgrade
- \$25,000 – Building Improvements
- \$30,000 – Speed Sign Trailer

Total: \$135,000

General Fund Cash Appropriations Year 1 (2016-2017)

Town Manager – General Fund

- \$ 50,000 – Technology Improvements
- \$300,000 – Town Hall Improvements
- \$ 90,000 – Telephone System
- \$400,000 – FHS Schematic Design
- \$ 30,000 – Land Records Re-Indexing
- \$220,000 – Real Estate Revaluation

Total: \$1,090,000

General Fund Cash Appropriations Year 1 (2016-2017)

Community & Recreational Services - General Fund

- \$25,000 – Senior/Community Center Exercise
Equipment

Total: \$25,000

General Fund Cash Appropriations Year 1 (2016-2017)

Westwoods Golf Course - General Fund

- \$40,000 – Sprayer
- \$60,000 – Maintenance Building
Improvements

Total: \$100,000

Other Appropriations- Grant Funds

Year 1 (2016-2017)

Highway and Grounds

- \$50,000 Sidewalk Construction - Funds will be used to construct new sidewalks throughout Town.

Total: \$50,000

Community and Recreation Services-

- \$25,000 Senior Center Capital Projects - The Town has been banking funds to be used to repair the front sidewalk/walkway at the Senior/Community Center

Total: \$25,000

Other Appropriations- WPCA Funds Year 1 (2016-2017)

Treatment Plant

- \$125,000 – Repair Sewer Lines
- \$175,000 – Pump Station Improvements
- \$600,000 – Engineering Fees- Plant Design Upgrade Project
- \$ 25,000 – Plant Equipment Replacement
- \$ 75,000 – Rolling Stock Replacement

Total: \$1,000,000

Conclusion

FY 16/17 Budget (Projected)	\$100,977,433
2.5% CIP Allocation (Projected)	\$ 2,524,436
Total CIP Budget FY 16/17	\$ 2,236,900
	3.21%

Proposed General Fund 3.21%
Town's Policy Minimum 2.50%

Technology
Infrastructure
\$565,000

Technology

Desktop Computer Replacement Plan	District	\$200,000.00
Science Lab Upgrade	FHS	\$200,000.00
Classroom AV	WWUES	\$80,000.00
Virtual Desktop Project (P3)	District	\$50,000.00
Data Room HVAC	EFS and NWS	\$20,000.00
Cafetorium AV upgrade	WWUES	\$15,000.00
Total		\$565,000.00

Technology

Year 2 of replacement plan.

- Strategy - combine capital improvements with replacement needs.
- Watching new technology trends for future upgrades.
- New projectors - 1000 lumens brighter, more energy efficient, and lamps cost \$100 less.

2016 Focus - West Woods

Technology

- We now have 6 pools of virtual desktops
- FPS continues to experiment with improved technology. Balance functional needs with technological efficiency and cost.
- Phase 3 adds more storage to ensure availability of services.

Note: 2017/18, a scheduled refresh of the VDI system is proposed. An evaluation of the system will occur this year to determine appropriate timeline.

Technology

- As mentioned in the Capital Ad-hoc Report, the condition of FPS data rooms at a few of our schools requires attention.
- To date, several locations have been addressed using a combination of grant funds, CIP funds, and repair accounts.
- 2016 - address East Farms and Noah Wallace.

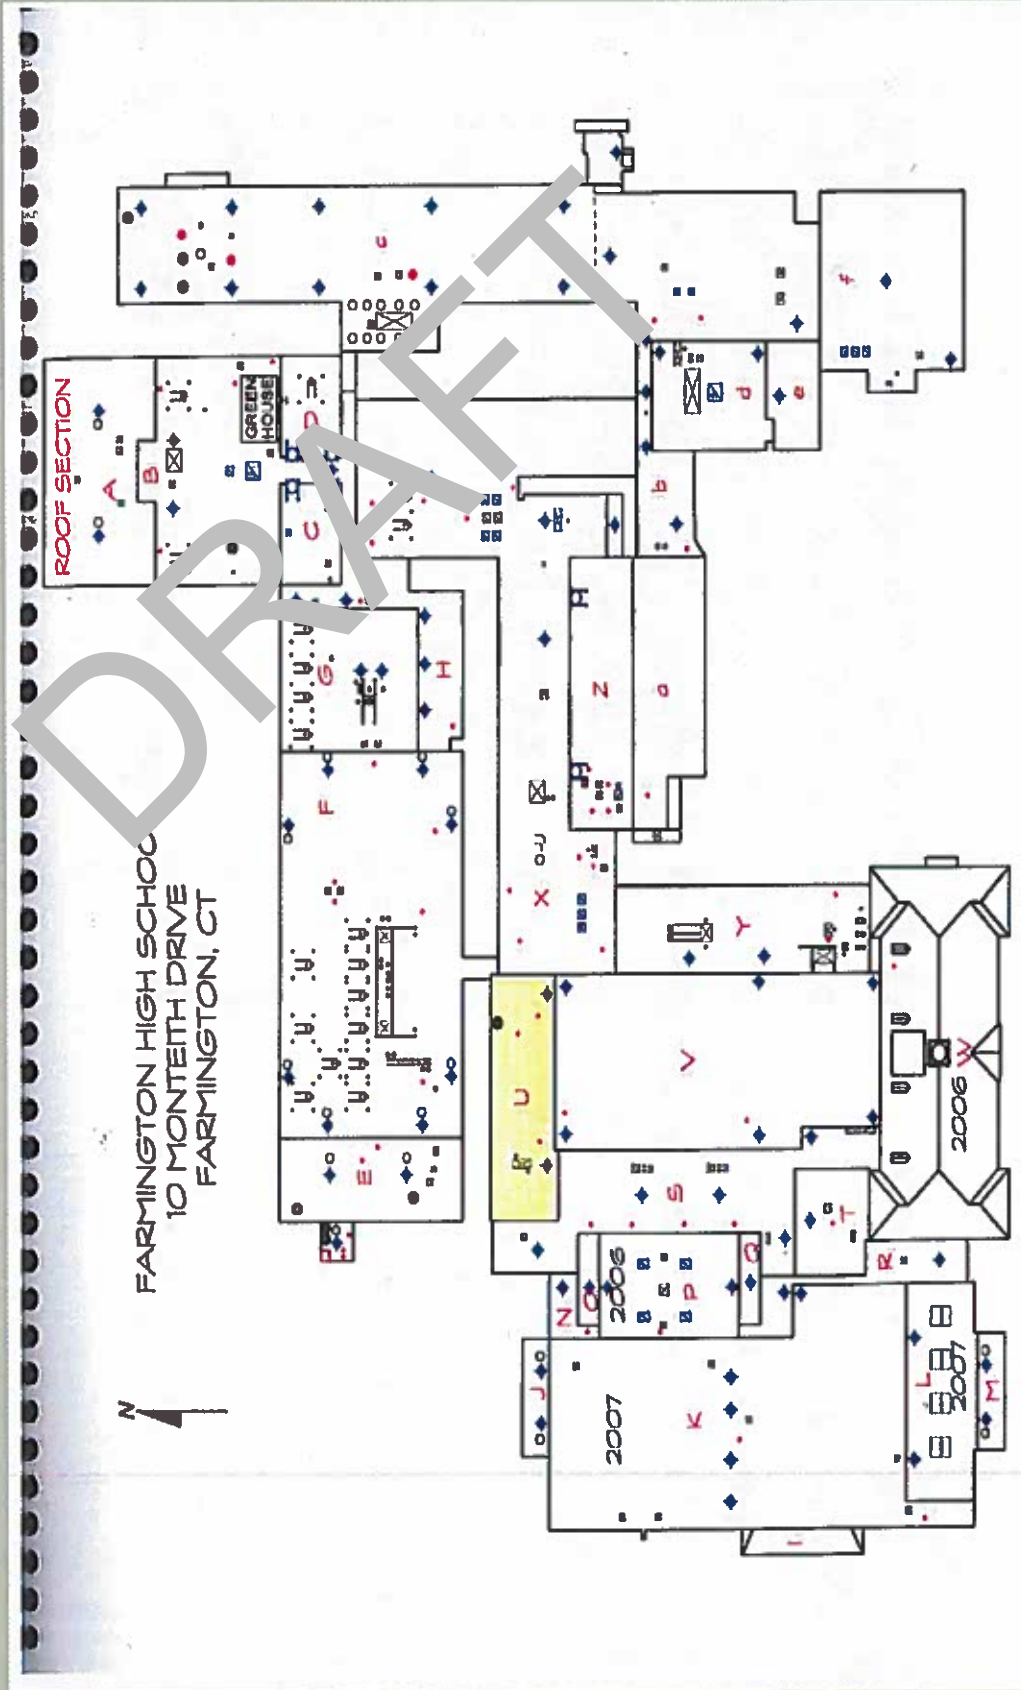

Farmington Public Schools
2016-2017 Capital Projects

*FHS Partial Roof
Replacement
\$148,700*

FHS Roof Section 'U'

- Section 'U' spans the 400 section of FHS including a Health Education classroom, STEP program, Special Services Classrooms and staff offices.
- This 3,990 sq. ft. flat, 'built-up', twenty-four year old section of roofing is experiencing irritation in compression and severe ponding resulting in significant moisture retention between the underside of roofing layers and the Tectum roof deck. The situation has culminated into a partial roof deck decomposition presenting perennial long-term winter leaks and potential IAQ issues.

FHS Partial Roof Replacement

Farmington Public Schools
2016-2017 Capital Projects

DRAFT

School Security

\$50,000

School Security

Provides funding for the continued phasing and upgrading of security measures within the district including security window film, CCTV monitoring systems, anti-penetration bollards, remote audio/visual access control and items critical to the implementation of the All Hazards School Security and Safety Plan and aligned to the security review recommendations.

Farmington Public Schools
2016-2017 Capital Projects

DRAFT

*School Code and Safety
Compliance
\$50,000*

SCHOOL CODE AND SAFETY COMPLIANCE

Maintaining compliance with Fire and Life Safety codes requires continued examination and subsequent replacement and/or modification of life safety equipment and structure. These include fire suppression and alarm systems, emergency lighting, AED's, emergency exiting hardware and upgrades to fire rated enclosures and pathways.

Farmington Public Schools
2016-2017 Capital Projects

DRAFT

*District-wide Mechanical
Equipment
\$55,372*

DISTRICT-WIDE MECHANICAL EQUIPMENT

**The rooftop packaged HVAC
equipment over the IAR
administration/nurse's offices
and the computer lab are
original to the 1994 addition
and are in need of
replacement.**

Farmington Public Schools
2016-2017 Capital Projects

DRAFT

*Capital Facilities
Condition Report*

\$92,800

Capital Facilities Condition Report

An evaluation and assessment at five schools for the purpose of identifying HVAC, M&E and infrastructure repair and/or replacement costs for the updating of the 5 year capital plan (Capital Ad Hoc Committee Recommendations).

Farmington Public Schools
2016-2017 Capital Projects

DRAFT

*Capital Comprehensive
Needs Assessment*
\$92,800

Capital Comprehensive Needs Assessment

**Development of a long range
plan for facility
improvements including
renovations,
repurposing, additions and/or
new construction
(Capital Ad Hoc Committee
Recommendations).**

CAPITAL IMPROVEMENT
AdHoc Committee Report**

Farmington Public Schools
2016-2017 Capital Projects

IAR Library Renovation

\$160,000

DRAFT

IAR Library Renovation

This renovation would consolidate facility improvements that have been the object of consideration over the past few years.

Namely, air conditioning the space for occupant comfort and to provide an area of refuge in extreme heat events, replacing original carpeting and the creation of a sliding glass partition between the library and an interior classroom to form an integrated, flexible and transparent learning

space.

(Shelter)

IAR Library Renovation

Farmington Public Schools

DRAFT

Student Transportation

Vehicle Replacement

\$86,000

Student Transportation Vehicle Replacement

**Replace (2) vehicles that are 12+
years old and each have more
than 200,000 miles.**

Farmington Public Schools
2016-2017 Capital Projects

Classroom Furniture

\$150,000

DRAFT

Classroom Furniture

Furniture would be replaced in selected IAR classrooms with a more modern, collaborative style that is proving successful at both the elementary and FHS levels.

Classroom Furniture

Farmington Public Schools
2016-2017 Capital Projects

Kitchen Equipment

\$36,000

DRAFT

Kitchen Equipment

Replace the thirty-six year old dishwasher at KHS. The dishwasher no longer functions at the level required. Parts and repairs exceed normal maintenance. Therefore, it is in need of replacement.

Farmington Public Schools
2016-2017 Capital Projects

IAR Roof Replacement

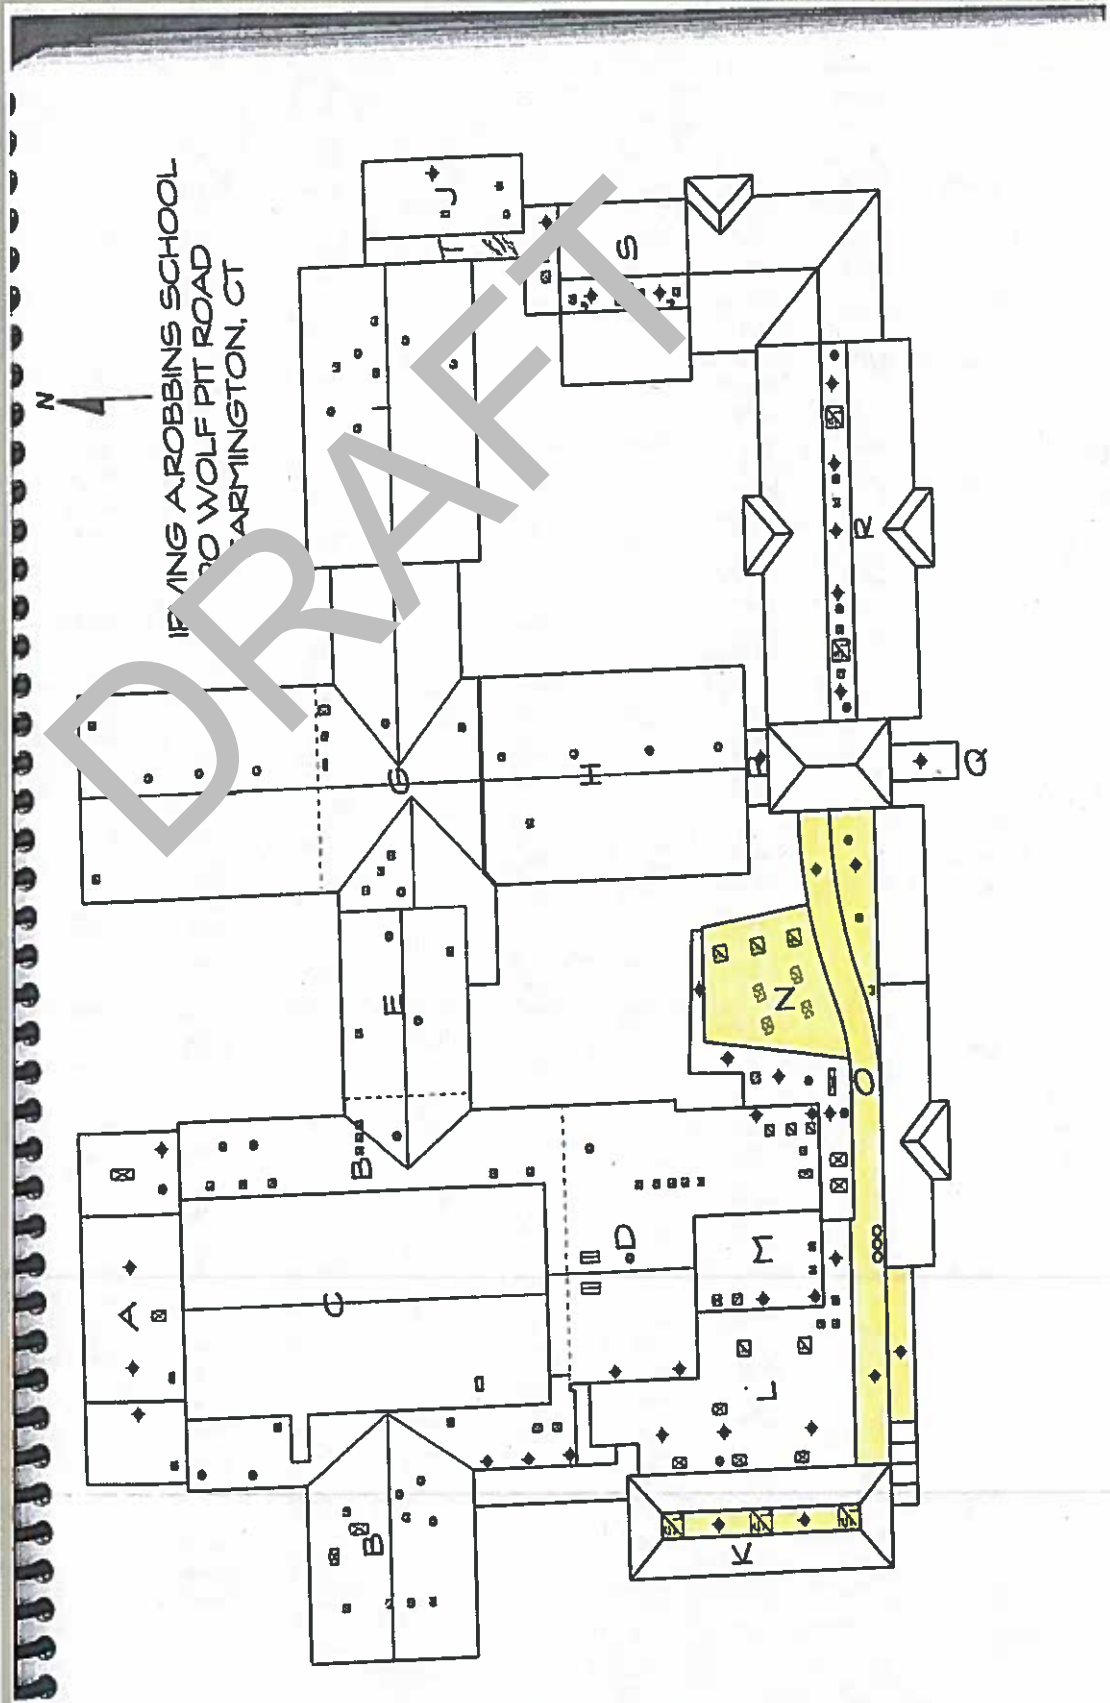

\$481,130

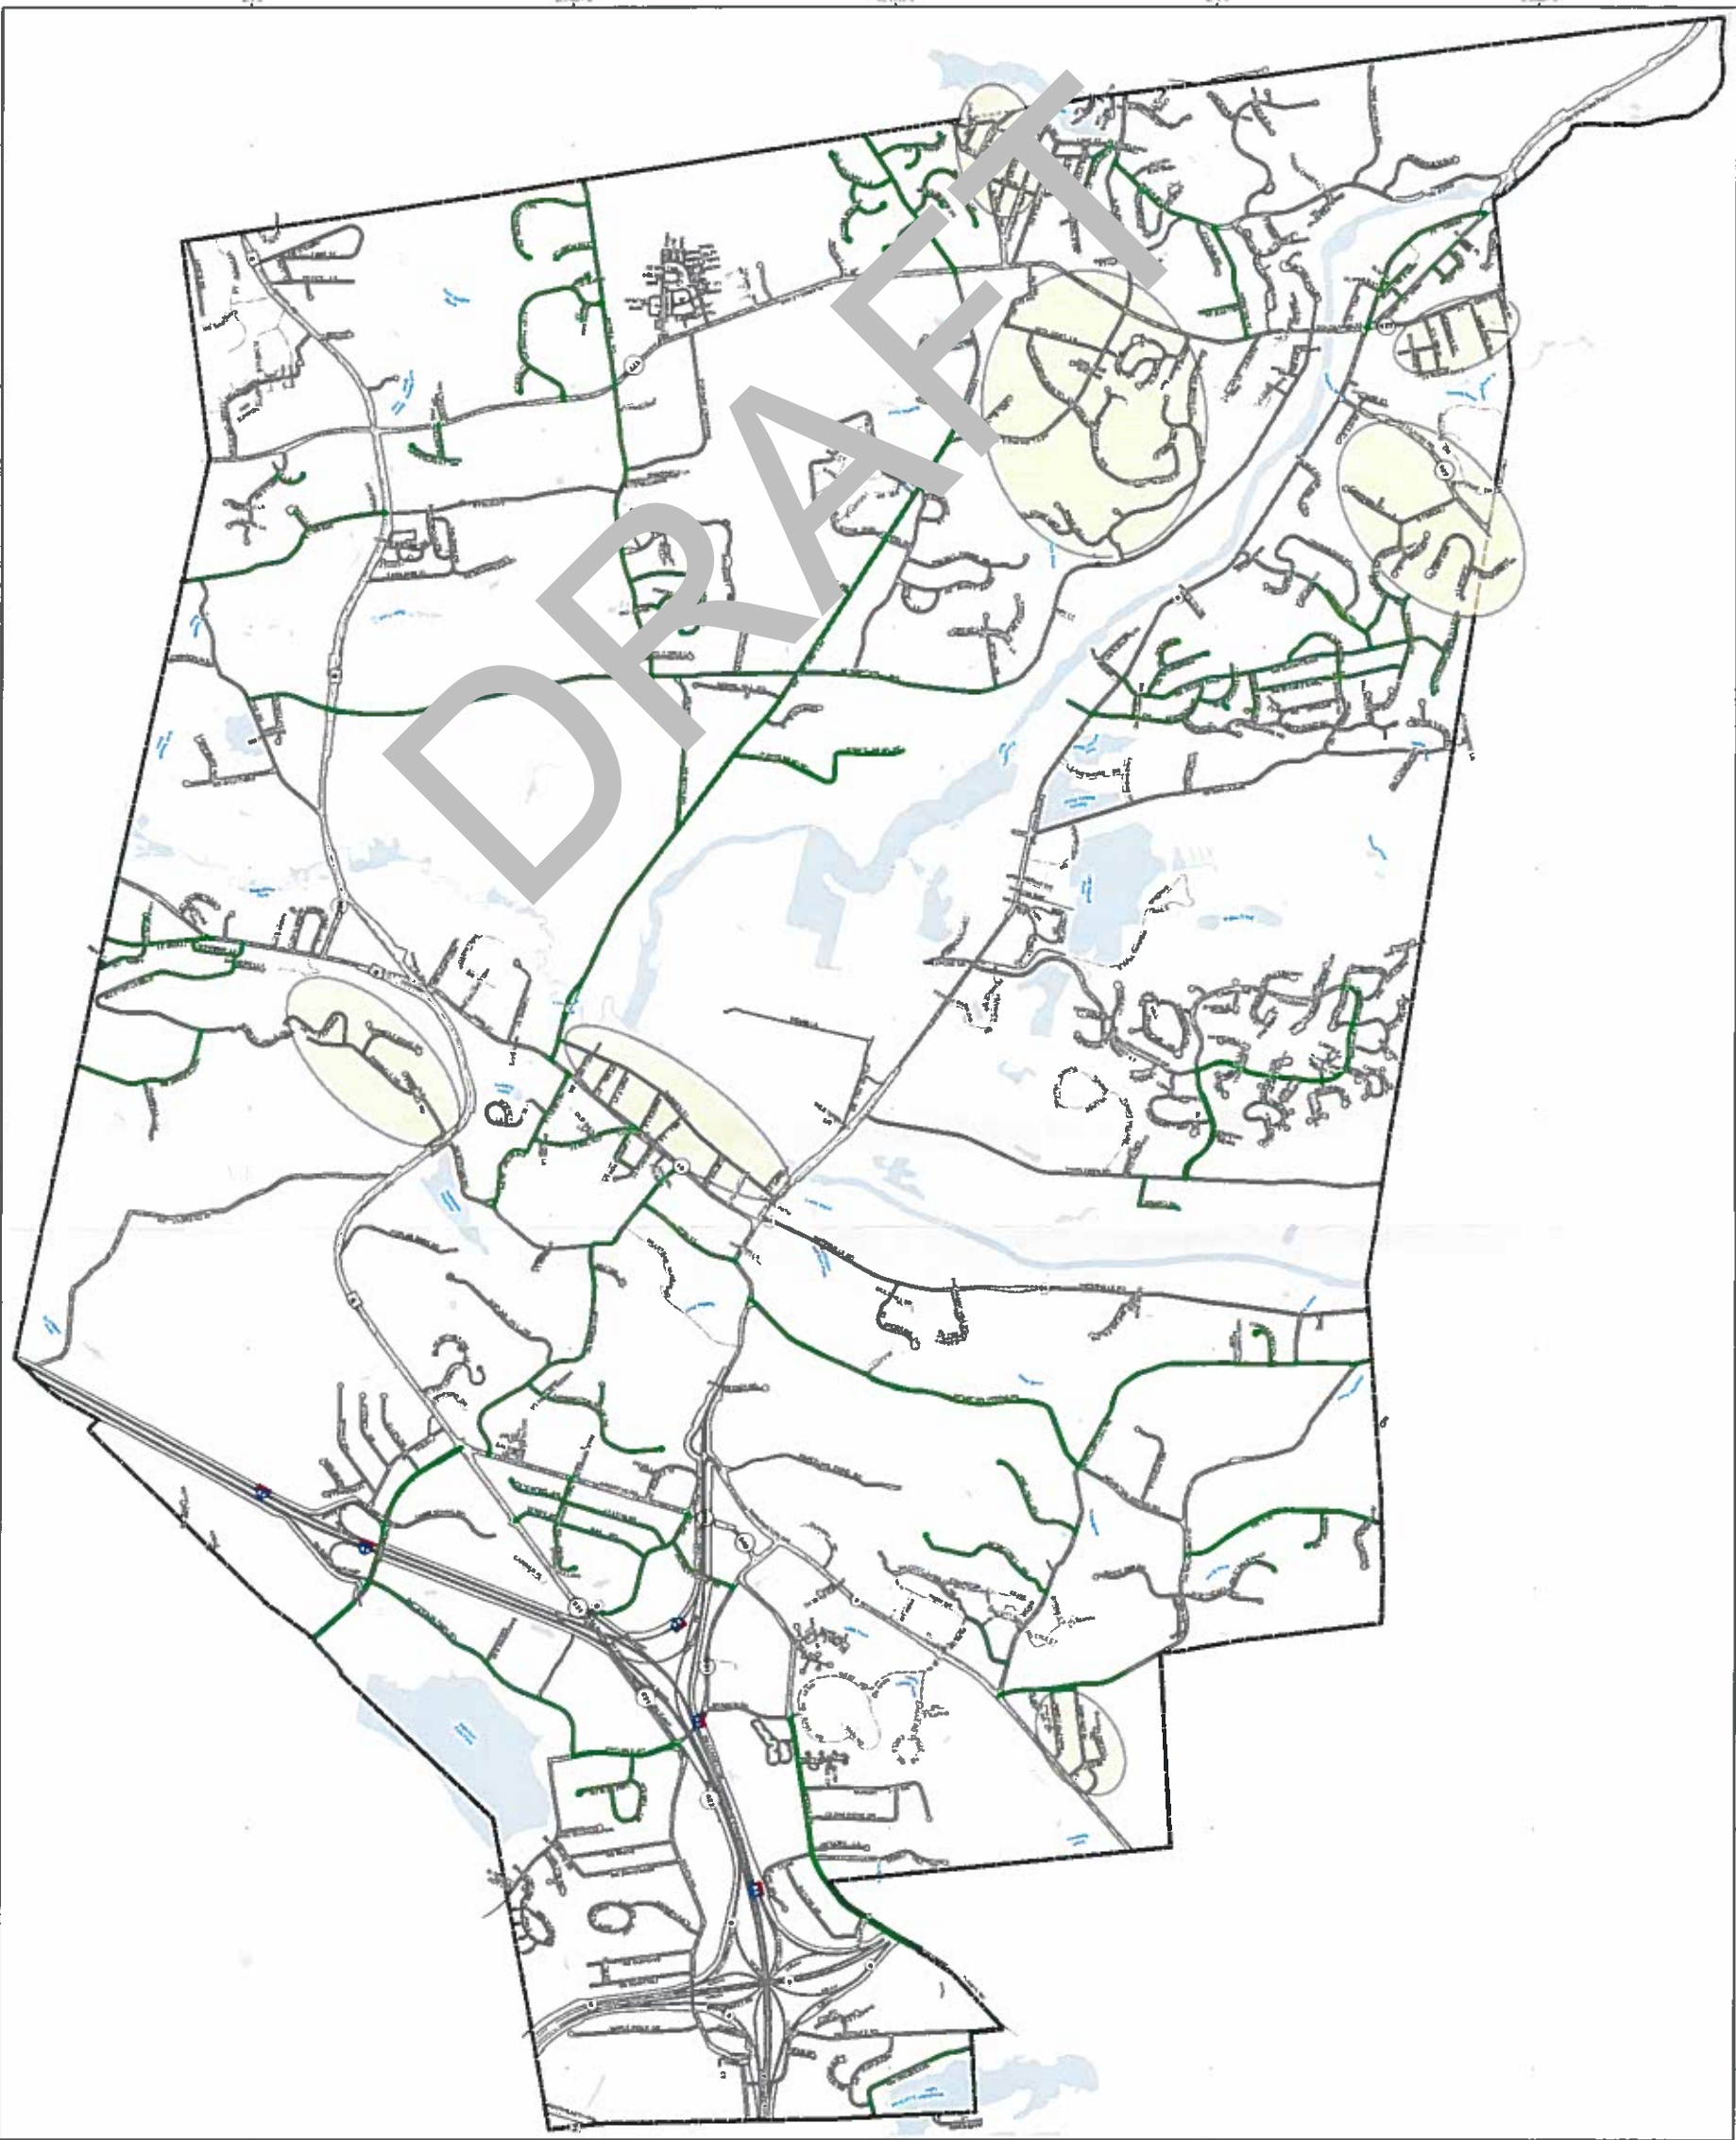

DRAFT

IAR Roof Replacement

Replace Roof Sections K,N,O
These flat, EPDM rubber membrane
roof sections are past their warranty
period of twenty years and are
included as part of a phased
replacement of similar remaining
original flat roofing systems.
Increasing signs of wear especially
at seams are resulting in regular
repairs at leak sites.
