

Traffic Committee Agenda
Wednesday, November 16, 2022- 1pm
Chiefs Conference Room

New Business:

1122-01: Employee at Turbine Tech (126 Hyde Road) is concerned about speeding on Hyde Road and the potential for accidents due to the blind driveway when leaving the parking lot.

1122-02: Resident of 241 Talcott Notch Road would like the speed limit on that road to be raised to at least 40 mph.

1122-03: Resident is concerned about the potential third bridge and the traffic/speeding that could result. Wants the Town to preemptively plan for issues that could arise.

Old Business:

1022-01: Resident at 77 Sylvan Ave wishes to have the No Outlet sign that was installed, to be removed. (Engineering Dept was going to return to look at the functionality/location, etc., and report back to the group).

0922-04: Request for either a sidewalk to go up and continue up mountain on the north side of the street, or a crosswalk on the south side of the street between Hillstead and Mountain Road (Engineering Dept needed to do some further research).

0922-05: Resident is requesting speed bumps or flashing signs on Wood Pond Road. Concerned for safety of pedestrians, kids, etc., as there aren't any sidewalks and cars speed down the road on a daily basis. (Traffic Officer Frink to install speed signs to accumulate data to see if speeding is an issue that would warrant additional action).
